

SupportFlow Visual Builder

Design System Documentation

1. Canvas

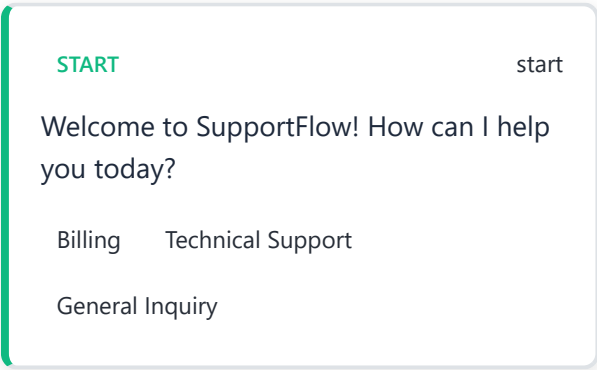

The canvas provides a grid-based workspace for building conversation flows.

2. Node Cards

Node cards represent conversation steps with type-specific styling.

Start Node

Question Node

QUESTION

billing

Is this about a billing inquiry?

Yes

No

End Node

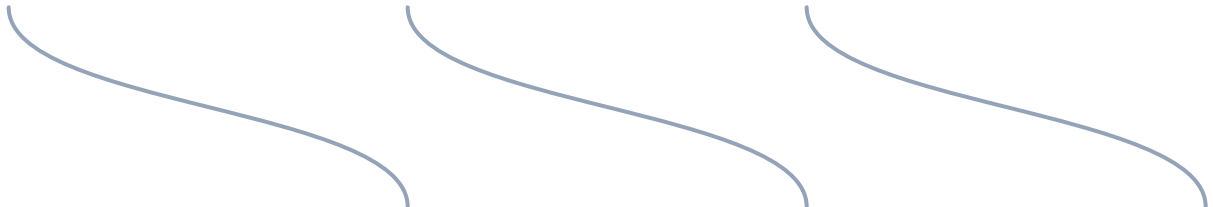

END

billing_yes

The Finance Department will reach you as soon as possible.

3. Connectors

Smooth bezier curves connect parent nodes to child nodes.

4. Color Semantics

Type-specific colors provide visual hierarchy and meaning.

Start Accent

#10b981

Question Accent

#3b82f6

End Accent

#ef4444

Canvas Background

#f8f9fa

Connector Color

#94a3b8

Primary Text

#1e293b

5. Typography

HEADER - 20PX, WEIGHT 600

SupportFlow Visual Builder

PANEL TITLE - 18PX, WEIGHT 600

Edit Node

SECTION LABEL - 14PX, WEIGHT 600, UPPERCASE

QUESTION TEXT

BODY TEXT - 14PX, REGULAR

Welcome to SupportFlow! How can I help you today?

SMALL TEXT - 12PX, REGULAR

Node ID: billing

BADGE - 11PX, WEIGHT 600, UPPERCASE
